

Dilton Marsh Playing Field

Parish presentation
– 18th July 2026

Background

In March this year, the Parish Council discussed the Playing Field, and agreed to establish a working group with a remit to :

- Provide modern, fit for purpose social and recreation facilities that are accessible
- Maintain a green and pleasant environment that promotes bio-diversity whilst trying to improve drainage
- Provide a realistic way to recover some of the costs of maintenance
- Try to ensure use of long term renewable utilities

We have.....

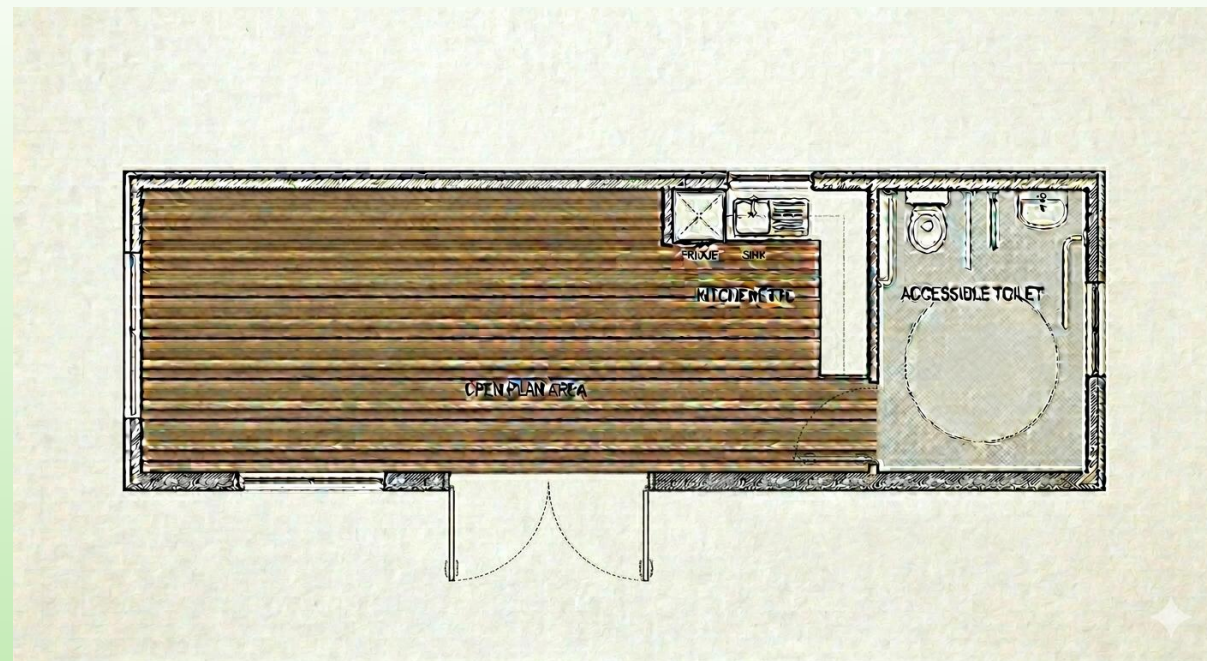

- 2 x 40ft containers were donated 20+ years ago but are now beyond serviceable life.
- The goals on the pitch are in a poor state of repair.
- There is a children's play area at one end and a 'trim trail' of activities at the other
- The field has many users including families, friends, football teams, and dog walkers

We want.....

- To replace 1 of the containers with a modern facility that is secure, more attractive, and can cater to the needs of a more diverse range of uses.
- To be able to better support future events such as the Dilton Dash, DiltonFest as well as being able to offer a meeting space with kitchen facilities in a green open-air location
- To provide an area that is calm and relaxing, that can be educational, and that encourages people to use and enjoy it
- To hear the view of the community on what they think of our plan, and what (if any) concerns they have

We will.....

- Keep in touch with you as plans progress through:
 - Dilton Marsh Facebook page and Dilton Marsh Parish Council Facebook page
 - Dilton Marsh Parish Council website
 - The Parish Magazine
 - Regular Parish Council meetings (anyone can come along and listen to these)
 - Email subscription list
 - Future events
